

VoiceNav

See It. Touch It. Hear It.

“The security code pad that appeals to your senses”

We took all the great things from our Hills Reliance platform, years of industry leading experience, and most importantly your feedback with extensive market research, to design the Hills Reliance VoiceNav and its functionalities - setting the new global design benchmark in security.

Features and Benefits

Modern Architectural Design:

Using the latest technologies to produce a slimline code pad less than 16mm slim to complement most homes and décors. Consumers will love the appearance!

Interactive Personal Voice Guide and VoiceCheck Status Key

So easy to use without a manual, consumers will connect to the product with less training and reduces support calls to you.

Customizable Voice Recording and Extensive Voice Library

You or the end-user can personalise zone, area, room and user names. No more mysterious codes and blinking lights!

Intercom Functionality for up to 8 rooms

Essential communication features are built in to every new VoiceNav code pad and work on existing NX\Reliance systems.

Advanced Touch Interface

Touch Response Keys, Colour Coded Status, and Individually Lit SmartKeys combine together and work for the user.

Ease of Installation

Fully backwards compatible with existing NX and Hills Reliance systems. Same wiring bus and NX programming menu makes it a breeze to install. Just add a 4-core cable in parallel to activate the intercom feature if desired.

*This combination of installer and end-user friendly features makes the Hills Reliance VoiceNav the new standard for security system code pads.

Hills Reliance VoiceNav Specifications

User Interface	Individually Backlit SmartKeys Advanced Touch Response Surface Interactive Personal Voice Guide
Alarm Panel	Compatible with NX (made after 2000) and Hills Reliance Security Control Panels
Dimensions	(W) 80mm (H) 120mm (D) 16mm
Operating Temperature	0 to 50 degrees Celsius
Wiring	Data Bus - 3 core, recommended 14/020 Audio Line - 2 pairs of twisted cable
Max No. Intercoms	8 units with intercommunication
Colour	Opal White
Weight	100g
Options	Chrome Trims
